Central complete-trip estimates for 13–20 March 2027, per person. The dash means no matching eight-person budget configuration was priced for that candidate.

DATES

Prefer 13–20 March.

After French winter school holidays; avoids Andorra’s March 6–7 World Cup. Keep March 6 as backup: Livigno’s rent matches both March weeks. February 27 has weaker value evidence.

Included in every total: accommodation, six-day ski pass, suitable skis/boots, helmet, food, return flights/baggage, UK airport access, resort travel and local-fee/insurance allowances. Bansko includes breakfast. **Lessons are extra;** refundable property deposits are separate.

Review estimates · 10 November 2026. Published rates plus allowances, not confirmed group quotes. Inventory, flights and ground connections remain unverified; Livigno’s airport-coach timetable is still 2025/26. Research checked 9–10 November. Full sources and details: detailed reviews.
